SOURCES: Final Appropriation Act for each biennium (typically "Caboose" bills), Acts of Assembly, Department of Planning and Budget.

^a The \$619 million increase in dedicated special revenue after FY12 is primarily the result of new taxes within the Department of Accounts.

^b Historically, the funding to cover internal service fund goods and services has been included in customer agency budgets. ISF service agencies were instead appropriated an amount that was "sum sufficient" to pay their expenses. Beginning in FY15, ISF service agencies received a specific appropriation amount in the budget to provide greater transparency and accountability for these funds. This resulted in a one-time increase in the non-general fund budget. \$1.2 billion of this increase is related to the ISF for state health insurance benefits.
